DETAILED ACTION

Allowable Subject Matter

1. Claims 1-23 are allowed.

The following is an examiner's statement of reasons for allowance:

2. Claims 1 and 10 are allowed because the closest prior arts, Sharp (WO 01/28197A1) and Grohn (WO02/25903A2), either singularly or in combination, fail to anticipate or render obvious that wherein changing the scrolling speed comprises the increasing the scrolling speed if the scrolling action selection and the scrolling speed variation selection correspond to a same direction, and decreasing the scrolling speed if the scrolling action selection and the scrolling speed variation selection correspond to opposite directions, in combination with all other limitations in the claim(s) as defined by applicant.

Claims 2-9 depend on claim 1. Therefore, they are allowed.

Claims 11-23 depend on claim 10. Therefore, they are allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
